

FOR A GOOD REASON
GRUNDIG

Professional Hair Dryer HD 8280

Product data

- Made with 5 premium, radiant SWAROVSKI ELEMENTS
- Color & Shine™ Activator:
Premium double ceramic coating of the air outlet grille with keratin finishing protects stressed hair, guarantees even heat distribution, activates the colour brilliance of the hair and provides for luxurious shine
- 2200 watt output for professional styling results at home
- Longlife professional AC motor
- Around 50% higher air flow and twice the motor service life of conventional hair dryers - compared to Grundig HD 2509 hair dryer
- Mains operation, 230-240 V~, 50 Hz
- Switch on and switch off Ionic technology preserves natural hair moisture, helps prevent static charge and gives hair shine and volume. Hair is gently hydrated and vitalised
- Individual temperature settings: 3 temperature and 2 speed settings to style or dry fine, normal or thick hair
- Real, professional cold setting for perfect and long-lasting hair-styles
- Detachable soft finger volume diffuser with rubberized tips brings natural bounce into wavy hair, volume into fine hair and strengthens the hair line
- Extra-narrow styling nozzle for precise drying and styling
- 3 meter cable with eyelet for hanging up guarantees freedom of movement when styling
- Colour: black
